Bishop announces 7-district structure

On Feb. 4, 2020, Bishop Sudarshana Devadhar announced the new district structure for the New England Conference.

The 2019 Annual Conference approved reducing the number of districts in the New England Conference from nine to seven. This new structure takes effect July 1, 2020.

We have created a page on our website where you can find information about the new structure and the transition process: www.neumc.org/redistricting.

A transition team has been named to

implement the new structure. You can contact the team with any comments or questions using an online form found on the page above.

The page includes:

Equalization members, especially under 30, needed for AC 2020

Conference Secretary John Blackadar reports that in addition to the equalization members selected by virtue of their office for the 2020 Annual Conference session, 18 equalization members are needed from each district.

At least two of those must be between ages 12 and 17 and at least two between ages 18 and 30.

The Cabinet is committed to meeting this requirement to include youth and young adults, which is outlined in our Conference Policies and Procedures as well as the *Book of Discipline*. Those interested in being equalization members should contact their pastor or district office.
